1. Policy Statement

In terms of Chapter 1, Part IX, section E3, of the Public Service Regulations (PSR), 2001, bursaries may be granted for higher education to both serving and prospective employees as a specific recruiting measure. It can be used where it is difficult to recruit and retain suitably qualified candidates. The granting of bursaries for Higher Education studies is also in line with current legislation on employment equity and skills development.

2. Vision

An accessible bursary scheme that provides a needs-driven assistance for the disadvantaged communities and civil servants of the Eastern Cape, that is committed to the empowerment and development of competent and responsible people.

3. Mission

To policy framework that will serve as a guide in granting financially needy and academically deserving candidates and serving officers according Departmental needs.

4. Objectives:

- To afford selected personnel and other persons\candidates the opportunity to equip themselves (in a formally structured way on the basis of identified requirements in the interest of the State as employer) with the knowledge and skills in order to cope satisfactorily with present and future allocated duties.

- To give opportunity to candidates who have the potential but because of their financial status cannot afford to pay for their tertiary education.

- To develop skills in disadvantaged communities with particular emphasis on building economic empowerment capacity and to enable them to compete favorably in the labor market.

- To increase the level of education and training to the citizens of the Eastern Cape.

- To increase the growth and development of the Eastern Cape.

- To promote and enhance human resources development within the Eastern Cape Province.

- To redress past imbalances with regard to representivity in specific fields of study and sectors of the Eastern Cape Government, e.g. Medical, Information Technology, Financial Management and disadvantaged communities, rural populace, women and persons with disabilities.
5. **Purpose:**

- The purpose of the bursary scheme is to provide selected candidates with sufficient financial aid, based on the affordability to the Department, to obtain specialized skills and qualifications through full-time/part-time in a field of Higher Education. The services of these candidates are at the disposal of the Department upon completion of their studies, thereby fulfilling the Department’s human resource needs.

- The system of providing bursaries for Higher Education is also instituted in line with the principles of the Public Service Regulations and the Constitution of the Republic of South Africa, 1996, Chapter 2, section 29(1)(b). Which states that the State must, through reasonable measures, make further education available and accessible to potential recruits through the development and improvement of current bursary schemes.

- The bursary scheme replaces the previous policy, which failed to sufficiently address requirements under the Employment Equity Act. The current policy therefore has an important purpose to promote employment equity and representativity within the Department.

- The present policy attempts to bring the Department in line with the spirit and provisions of the Skills Development Act. Training budgets will be aligned for formally registered Learnerships based on the needs and priorities of the Department.

6. **Legal Framework**

3.1 Constitution of the Republic of South Africa  
3.2 Skills Development Strategy (of the Department of Labour)  
3.3 White Paper on the Transformation of the Public Service  
3.4 White Paper on Public Service Education, Training and Development  
3.5 White Paper on Human Resources Management  
3.6 White Paper on National Policy on Affirmative Action  
3.7 Skills Development Act, 1998  
3.8 Skills Development Levies Act, 1999  
3.9 Public Service Act of 1994  
3.10 Public Finance Management Act

The legal framework includes any amendments to existing legislation and any subsequent relevant legislation that may be promulgated.

7. **Authorization**

In terms of Chapter 1, Part IX, section E of the Public Service Regulations, 2001, the Head of Department authorizes the implementation of the policy.
